

STATEMENT OF QUALIFICATIONS HIGHER EDUCATION U.S.

WHAT MAKES ROTH IAMS QUALIFIED?

We have collaborated with higher education institutions in the US by supporting them in making informed, data driven capital and maintenance planning decisions.

OUR EXPERIENCE

We understand the unique organizational challenges that impact Asset Management within Universities and Colleges. We have been collaborating with Higher Education institutions, our largest client sectors, since we started Roth IAMS and we draw upon our broader sector knowledge as we tailor our solutions to their specific situation.

We focus on guiding you towards your ideal Asset Management program. You will be supported by a team of full-time experienced professionals, including experts in all facility and infrastructure disciplines. They are here to guide you through the Asset Management Process.

Our consistent and defensible data have helped our clients secure over **\$5 Billion** in additional renewal funding.

Our team has completed over **22,000 FCAs**.

Our team of over **80 full-time** professionals include experts in all facility and infrastructure related disciplines.
